This document contains two parts: (I) the license agreement and (II) the Data Protection and Personal Privacy Statement.

I. Licence to Use the Copernicus Atmosphere Monitoring Service Products

This licence agreement (“License”) is a legal agreement between the Licensee and the European Centre for Medium-Range Weather Forecasts (“ECMWF”), on behalf of the European Commission, and sets out the terms for use of Copernicus Atmosphere Monitoring Service (“CAMS”) Information that will apply to the Licensee. “CAMS Information” refers to data and their metadata downloadable from the CAMS portals. Access to all CAMS Information is regulated under [Regulation \(EU\) No 1159/2013](#) of the European Parliament and of the Council of 12 Jul 2013 on the European Earth monitoring programme, under the ECMWF Agreement and under the ECMWF agreement. This License is designed to reflect the relevant law.

4. Disclaimers

4.1 ECMWF does not warrant that CAMS Information will be free from errors or omissions or that such errors or omissions can or will be rectified, or that the Licensee will have uninterrupted access to CAMS Information.

4.2 ECMWF excludes all warranties, conditions, terms, undertakings, obligations whether express or implied by statute including but not limited to the implied warranties of satisfactory quality and fitness for a particular purpose or otherwise to the fullest extent permitted by law.

It will not be redistributed by any means, nor used for any other purpose. It will be processed in accordance with the ECMWF Data Protection Policy. By registering you allow ECMWF to process your personal data based upon the following rules:

- Purpose(s) of the processing

Your personal data is collected and further processed for the purpose of the management of this portal and to derive use statistics of the products and services available in the CAMS data portals in order to improve user relations.

- Recipients of the data processed

For the purpose detailed above, access to your personal data is given to ECMWF staff members in charge of managing the Copernicus services. ECMWF may ask its CAMS Contractors to assist ECMWF with its tasks. These CAMS Contractors will have access to your personal data in order to perform their services for ECMWF, but will have no further permission to use your personal data. ECMWF may share your personal data with the Copernicus unit of the European Commission and the Copernicus User Forum (a working group set up by the European Commission, under Art. 30 (2) of the Copernicus Regulation), in order to assist with the identification of user requirements and the

III. Arbitration Clause and Governing Law

In the event of a dispute arising in connection with these terms, the parties shall attempt to settle their differences in an amicable manner. If any dispute cannot be so settled, it shall be finally settled under the Rules of Conciliation and Arbitration of the International Chamber of Commerce by one arbitrator appointed in accordance with the said rules sitting in London, United Kingdom. The proceedings shall be in the English language. The right of appeal by either party to regular Courts on a question of law arising in the course of any arbitral proceedings or out of an award made in any arbitral proceedings is hereby agreed to be excluded.

ECMWF is an intergovernmental organisation and not directly bound by any law outside of the provisions enacted by its organs or agreements it enters. It is therefore the intention of the parties that these terms shall comprehensively govern the legal relations between the parties to the License, without interference or contradiction by any unspecified law. However, where a matter is not specifically covered by these terms or a provision of the license terms is ambiguous or unclear, resolution shall be found by reference to the laws of England and Wales, including any relevant EU law.
